Dear CAC,

As a reminder, **please send any feedback** on the June 12th meeting **by July 10th** to Gabriela Munoz (gabriela@harborestuary.org), including:

- Corrections/edits to the [draft minutes](#).
- Additional input on the idea of mapping "quality public access" or other ideas on HEP/CAC involvement in advancing the concept of quality public access sites as discussed at the meeting.
- Future engagement/convening of the various Superfund Community Advisory Groups in the estuary.
- Topics/location for the next meeting (we are shooting for a mid-September date; location TBD).

As mentioned in the previous email, we would also like to submit comments on EPA's proposed cleanup for the Passaic River. We will be drafting a letter for your consideration and will follow up on this shortly (the public comment period deadline is now August 20th).

Thank you,

The CAC Co-Chairs.
